Dear Mr. Weisberg: 2/3

I stand what I said about Case Closed because I thought it was true, and I still do. I gave the comment which asked for it by the publisher, who sent me the ms. I tell you that because I have nothing to hide, though I don't think you have any right to ask. In general, I'm sorry you feel as you do but I stand by what I said about Case Closed.

Sincerely ... Jim Hitchcock

P.S. I don't care what you may say about my insane future work. I long ago quit wasting time on critics, and worse.
